Abstract: Section 342 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank) requires the (OCC) to develop and implement standards and procedures to ensure, to the maximum extent possible, the fair inclusion and utilization of minorities, women, and minority-

owned and women-owned businesses in all business and activities of the agency at all levels, including in procurement, insurance, and all types of contracts¹ and to develop standards for coordinating technical assistance to such business.²

In order to comply with the Congressional mandates to develop standards for the fair inclusion and utilization of minority-and women-owned businesses and to provide effective technical assistance to these businesses, the OCC is developing an on-going system to collect up-to-date contact information and capabilities statements from potential suppliers. This information will allow the OCC to update and enhance its internal database of interested minority- and women-owned businesses. This information also will allow the OCC to measure the effectiveness of its technical assistance and outreach efforts and target areas where additional outreach efforts are necessary.

In the Federal Register of May 3, 2013 (78 FR 26114), the OCC published a 60-day notice requesting public comment on the proposed collection of information. The OCC received no comments.

Comments continue to be invited on:

- (a) Whether the collection of information is necessary for the proper performance of the functions of the OCC, including whether the information has practical utility;
- (b) The accuracy of the OCC's estimate of the information collection burden;
